# P resident M essage

In the name of Allah the Most Gracious & Most Merciful. All praise is due to Allah (SWT), who says in the Glorious Qur'an (5:32), "Whoever saves a life, it is as if he (she) saved the whole humanity." Peace and blessings on his Prophet Muhammad (PBUH), of whom Allah (SWT) says: "We have only sent you as a mercy to the whole of creation." [Quran 21:32].

Salik Development Foundation is serving people in unreached Areas and to those affected during emergencies, since 1989. The organization has since graduated to be counted as national level organization. Its goal is to enable communities to plan, implement and manage development assistance program; through countrywide network of community organizations (CO's).SDF prime focus has been to capacity building at grassroots level, for improving the quality of life for marginalized Communities; to have access to basic facilities. Over the years, the interventions were evolved and spread through Pakistan. Salik development Foundation is committed to work for the poor and vulnerable communities through participatory development in the KP, Punjab, Baluchistan, FATA and AJK. SDF made supreme efforts to build community capacity and emphasized on quality inputs. With the grace of Almighty Allah SDF is the leading representative of Mobilization, Institutional development, Wash, Education, Health, Livelihood and Environmental sanitation. All these efforts have been made to strengthen the SDF systems including governance, internal controls, program delivery, monitoring and accounting.

During the reporting period, we have launched a good number of very productive projects with the support of institutional donor and other partners. You may please see the details in the report in your hands. It is matter of immense pleasure that our beneficiaries maintained their record of successful enterprises and jobs from our catchment area.

Mainly we support the neediest and the most marginalized communities in Health& Nutrition, WASH, Social protection, Food security & livelihood, Early Education ,Human rights, Disability, trainings/ Capacity building and Advocacy Programs.

I am grateful to all our donors, partners, stakeholders and staff whose consistent support enabled us to reach to the maximum people in need and to execute a good number of potential projects to the best satisfaction of both beneficiaries and donors.

We feel our self confident to meet all challenges with the support of our diverse and inclusive workforce. Social responsibility has been ingrained in the SDF's culture since its earliest days as an organization.

The year 2016-17 proved to be yet another solid year for SDF. We continued achieving exceptionally high on: Trustworthiness and Efficiency in everything we do, Achieving 100% Project Success rate, Maintaining 100% Compliance, Governance and Transparency, Doing the right thing... Right!, and Designing Sustainable ethical solutions for our beneficiaries

I congratulate and appreciate the cohesive roles and support by a large number of partners that led SDF to success. SDF staff's contribution and team work led to initiate preparation of integrated plan. We look forward to productive year ahead

- Emergency Relief , Early recovery and Rehabilitation efforts in case of natural disasters and conflicts.

## Key projects brief in the reporting period:

In this Annual report we strived hard to incorporate all the components and project we accomplished successfully, here is some of the brief introduction and achievements of the projects in med of 2016 and 2017.

# Sehat Sahulat Program (Sehat Insaaf Card)

## “Social health protection initiative KPK”

### 1. Executive Summary of the project

Through proposed project named “Social Health protection Initiative, SEHAT SAHULAT PROGRAM”, and is being implementing by SDF with the technical and financial support of State life insurance corporation was designed to facilitate 341841 marginalized families.

The main focus of the project was to aware and mobilize the targeted community regarding health card facility and how to use, while on other hand the core responsibility of SDF was to distribute 341841 Numbers of health cards to the selected project participants.

The duration of the project was initially of 4 four months while it was extended to 07 seven months. The targeted area of the project was four districts of KPK, i.e district Mardan, Sawabi, Charsadda and District Haripur.

In the project spam all the activities were carried out very professionally and all the SOPs were carried out very well.

To achieve the desired objectives SOPs were designed keeping all the requirement of the donor. SDF give the advertisement for hiring teams, and all the recruitment process was carried out professionally. A total of 16 teams were hired and each team was comprised of 05 personnel.

The core task assigned to the team leader was to coordinate with focal persons, the list of whom were provided by the CM secretariat, while it was endorsed by the local MPAs and MNAs.

The team leaders along with their team were thoroughly briefed on the project and task were assigned to each team, the team leader along with their team prepare their implementation plan and present in the orientation session.

The necessary equipments were provided along with vehicles to each team, and after the contract signing activity they starts their activity according to plan.

Initially it was very difficult to achieve the desired target as per the SOP shared by the donor, so with mutual discussion with the high ups, focal persons and other philanthropists were involved to expedite the process, which was proved fruitful after a while.

The project was wind up at the end of March with the overall 76.1% achievement. SDF enrolled a number of 259931 beneficiaries out of 341841 numbers of beneficiaries in four targeted districts.

This report presents the extract of all the accomplished project's activities named “Social Health protection Initiative, SEHAT SAHULAT PROGRAM”.

This project consumed huge amount of work, research and dedication. Still, implementation would not have been possible if we did not have a support of many individuals and experts. Therefore we would like to extend our sincere gratitude to all of them.

The report doesn't reflect the involvement and interest of the KP government and all the elected members, here we are including some of the pictures, shows the presence of Speaker, deputy Speaker, MPAs, MNAs, Ministers in the inauguration and monitoring visits to different CDCs established by Salik Development Foundation in four targeted Districts of KPK. I.e District Mardan, Sawabi, Charsada and Haripur.

The project was very fruitful and interesting, and was according to the dire need of the beneficiaries.

## **INTRODUCTION**

Salik Development Foundation (SDF) is a nonprofit organization, established in 1989. Working area of SDF is Khyber Pukhtonkhwa, Azad Jamu & Kashmir and FATA. The main cause of its establishment is to ensure a peace full, developed and prosperous society. SDF strength is its community in KP, FATA and AJK with overall coverage of 101 UCs. SDF believes with participatory development in which women have an equal main stock holder of the society. Organization working sectors are Human Institutional Development, Livelihood, Health, Education, Community physical infrastructure, Shelter, WASH, Disability, Advocacy, Women in development, Environmental protection and Emergency Relief.

The Government of Khyber Pukhtonkhwa initiated a Program named Sehat Sahulat Program for the marginalized segments of the province. The main objective of the initiative was to insure the health facilities at the door steps to all the marginalized dwellers of the province. For this purpose data from Benezir income support program has been obtained and up to 25 scores families were selected for the provision of sehat insaf Card.

In this regards STATE LIFE INSURANCE CORPORATION OF PAKISTAN has signed an agreement with Project Management Unit, Government of Khyber Pakhtunkhwa for providing Hospitalization facilities to the marginalized segments of population from the designated districts. The data of the pre-selected families were provided by the KP government for issuance of health cards to the selected households. The main reason of health cards is to provide and insure inpatient/daycare facilities in the designated public and private hospitals of the districts.

To execute this project state life insurance corporation further invite call for proposal for the social mobilization and cards distribution to the selected project participants. Through a proper process SDF was selected to operate in four districts of KPK.

The primary task of the SDF is the distribution of the health cards along with printed material and spreading awareness among the card holders regarding acquisition of health care facilities while admitted in the hospital.

### **MAIN FEATURES OF THE SEHAT SAHULAT PROGRAM'S CARD:**

- Sehat sahulat cards are valid for two years
- From each SSC Eight members of the family will be Benefited
- Each member will be benefited an amount of PKR 30,000 annually
- Each family have an amount of PKR 300,000 as premium for tertiary care
- In this program only hospitalization facilities are included, while OPDs are not included in this SSC.

### **PROGRAM IMPLEMENTATION:**

Salik Development Foundation (SDF) signed an agreement with State Life for Card distribution in four districts of KPK (Mardan, Charsadda, Swabi and Haripure). Main Responsibility of SDF was the enrollment of beneficiaries and updating the family roster contact numbers to the software. It was also decided in the contract with the donor to

distribute SSC cards to the targeted beneficiaries. In this connection SDF started its project from Swabi with close coordination of all the relevant stack holders.

The proper inauguration ceremony was held at village Tuhlandai of district Sawabi on November 29, 2017. In the mentioned ceremony Health Minister Mr. Shah Ram Khan Tarakai was the chief guest. While Project Director Dr. Riaz Tanoli, State life Officials Mr. Fayyaz Noor Saib, participated in this occasion as well.

Inauguration ceremonies were also carried out in all four districts. In these inaugurations all the relevant stack holders of the districts were invited while focal persons were also invited in each district respectively. All the focal persons were thoroughly briefed about the program and their contacts numbers were noted for correspondence.

Each district cards were bifurcated union councils wise and the cards and tokens received from state life were also on the basis of union councils.

The staff was hired for each district as bellow, and they were briefed on the operating procedures, project orientation were carried out in the SDF head office and areas were assigned to each team leader with clear SOPs.

#### Division of Teams District Wise

S.No	Name of District	Total Cards	Total UCs	No. Of Teams
1	Mardan	103168	76	05
2	Charsadda	123148	49	04
3	Swabi	113301	54	05
4	Haripure	41000	46	02
<b>Total</b>			<b>225</b>	<b>16</b>

*Above is some of the inauguration ceremony at a glance in different district and first introductory / induction meeting with elected members and philanthropists of the targeted districts.*

*In the first picture Mr. Shahram Khan Health Minister inaugurated the program by giving SS card to a beneficiary.*

Each team was comprised of the following personnel.

1. Team Leader
2. Social Mobilizer Female
3. Computer Operators ( 03)
4. Card Searcher
5. Driver

Equipments:

1. Laptop
2. Scanners
3. Internet Edge for internet coverage
4. Carry Van
5. Stationary

### ACTIVITIES OF THE PROGRAM:

State Life Insurance Corporation of Pakistan provided the data of selected beneficiaries in all these four districts of KPK. SDF made a Detail implementation plan for sehat Sahulat program of all these four district of KPK. The entire relevant stack holders were kept in loop. Following are the main steps taken for program implementation.

1. Meetings were conducted with Relevant MPAs for project orientation and getting list of Focal persons in the targeted area.
2. List of Focal person provided to SDF from each Relevant MPAs attested from CM secretariat were contacted for meeting and courtesy
3. Meeting was also conducted with assigned focal Persons and relevant stack holders of each UCs.
4. Distribution of tokens to focal person of the UCs for further dissemination among beneficiaries
5. Selection and finalization of venue for Card distribution center with tentative dates (plan).
6. Follow Up, courtesy and verification of tokens distribution in each Union councils.
7. Establishment of static Card Distribution Center
8. Mobilization and Awareness Sessions for beneficiaries at CDC and Community Level

---

*MR. Shahraam Khan Tarakai Health Minister KPK visits to different CDC, Cards distribution centers, established by Salik Development Foundation encourage the field staff and develop interest of the community.*

*Different inauguration ceremony aware the community regarding the importance of Sehat Sahulat Card and they also realized the dire need of the medical support especially the hospitalization.*

*On the other hand the elected member's involvement also creates a miss situation somewhere, as the new SOPs and methodologies were directed to adopt by the staff, which suffer the pace of work.*

---

At the initial stage it was came to notice that only 55

percent cards were distributed at CDC, while the rest of the progress was remarkably decreasing day by day, So for further distribution it was decided to involve focal persons, Nazims, councilors and Secretaries for collection of Forms and other compliance to expedite the process.

### PROGRESS OF THE PROGRAM

S.No	District Name	Target Population	Enrollment	%age Enrollment
1	Swabi	105839	89765	84.81
2	Mardan	89862	59633	66.36
3	Haripur	33367	23944	71.76
4	Charsadda	112773	86589	76.78
5	<b>Report Totals:</b>	<b>341841</b>	<b>259931</b>	<b>76.039</b>

### Challenges, Issues, Hurdles faced during project execution:

1. At the initial stage no clear cut Policy or SOP for Implementation of the Program from SLICP were provided to SDF, which slow down the progress at the start.
2. It was also a challenge for SDF that each MPA provided their representatives list for each UCs which was later on cancelled by Chief Minister, which create a panic situation as we orient them regarding project and built a repo with all of them, the new list were comprised of almost new focal persons and the process were started once more from the beginning.
3. Work Plan shared with STATE LIFE INSURANCE CORPORATION OF PAKISTAN was changed according to the availability of their engagements.
4. As per directives from CM Secretariat the tokens already distributed by focal persons were changed. by Chief Minsiter Secretariat Completely changed the shape and progress of the enrollment process
5. Program was delayed for one month due to lack of proper planning and coordination.

6. Health Minister have own plan for enrollment of Sehat Insaf Cards while chief Minister and MPAs have their own planning for cards Distribution
7. The political involvement in the SSP make hurdles, as they were indulged in political races and each one of them were not excepting the involvement of other in their area or their interventions.
8. Again in the selection venue for cards distribution was disturbed so many time because of the involvement of MPAs and Nazims .
9. We were forced to distribute tokens on the basis of political involvement in which biasness also created by the politicians
10. In District Mardan Previous Program of Sehat sahulat card was the main reason for low enrollment because in that program hospitals have not facilitated the beneficiaries up to the mark.
11. The main issue of the data was that name of the HHs was missing so it was too hard to find the beneficiaries
12. Security clearance was also not taken by Project Management unit on time.

# Bacho Kor "Children Home" (Regd)

*Al- Qura'an : Did He not find thee an orphan and give thee shelter (and care)? (Surah Ad-Duha, 6)*

## فَأَمَّا الْيَتِيمَ فَلَا تَقْهَرَ

Therefore, treat not the orphan with oppression,

عَدَقْنَا عَمْرُو بْنَ ذُرَّارَةَ، أَخْبَرَنَا عِنْدَ الْقُرَيْشِيِّ بْنِ أَبِي حَازِمٍ، عَنْ أَبِيهِ  
، عَنْ سَهْلِ، قَالَ رَسُولُ اللَّهِ صَلَّى اللَّهُ عَلَيْهِ وَسَلَّمَ

" أَنَا وَكَافِلُ الْيَتِيمِ فِي الْجَنَّةِ هَكَذَا " .  
وَأَشَارَ بِالسَّبَابَةِ وَالْوَسْطَى، وَفَرَجَ بَيْنَهُمَا شَيْئًا .

"I and the one who looks after an orphan  
will be like this in Paradise",  
showing his middle and index fingers and  
separating them

## Background of Bacho Kor:

Our beloved country Pakistan is rich with the natural resources and is a social, Islamic and Democratic Country. Different kind of tribes and religions are living here. Pakistan is an Islamic Republic country. In Pakistan many kinds of minorities are living as well. In which the majority have religion, Language and many values of their life are in common. Our country is the battle field for the last two decade due world interests for which our country is passing through. Orphans and abandoned children are also one of the issues raised by terrorism and extremism.

Due to different kinds of surveys at times the total numbers of orphans in Pakistan are 40 lacs (4 Million) in which majority of the orphans are in KPK, whom parents died in terrorist activities.

In Pakistan there is no proper mechanism for the education, health and welfare of orphans are facing problems but as a whole the society is affecting. Now this is the prime responsibility that we should provide Shelter, Education, training, residence and food for orphans.

In order to became these children responsible citizens of a peaceful, Developed and prosperous society.

For the completion of the above great project by Salik Development Foundation has initiated self help based Bacho kor establishment for the orphans and abandoned children.

## **Bacho Kor Vision:**

To establish a peaceful, developed and Prosperous Society together with orphans and abandoned children

## **Bacho Kor Mission:**

Provision of education, Skills and basic necessities of life to orphans and abandoned children for a prosperous society and responsible citizens of the society.

## **Bacho Kor Objective:**

- Selection of orphans and abandoned children according to set criteria
- Through education ( fifth to Metric) and skills enrolled children will be the responsible citizen of the society
- Campaign for the awareness for the welfare of orphans and abandoned children
- Through mutual cooperation with Govt and other organizations for a peaceful, welfare and cooperation for development.

## **Facilities:**

- Education
  - Food
  - Residence
  - Science Lab
  - Computer Lab
  - Library
  - Co-Curricular activities
  - Exposure visits
  - Initially 100 orphans and abandoned will be enrolled to whom education, Skill, Residence an organization has been established with the Name of Bacho Kor ( Child Home). The number of students will be increased as per resources.
  - For mention program Jehan Zeb President SDF has donated a 261 marlas for Bacho Kor.
-

Address: Near PTCL Exchange Malakand Road Takht Bhai District Mardan

اور اگر مسلمانوں کے دو گروہ آپس میں لڑیں تو ان میں صلح کراؤ (ف ۱۳) پھر اگر ایک دوسرے پر زیادتی کرے (ف ۱۴) تو اس زیادتی والے سے لڑو یہاں تک کہ وہ اللہ کے حکم کی طرف پلٹ آئے پھر اگر پلٹ آئے تو انصاف کے ساتھ ان میں اصلاح کرو اور عدل کرو بیشک عدل والے اللہ کو پیارے ہیں

**And if two groups of the Muslims fight each other, then make peace between them, but if one of them commits excessiveness against the other, then fight the one that has committed excessiveness till it reverts to the command of Allah. Then if it reverts rectify between them with justice and do justice. Verily Allah loves the equitable. Al Qura'an: [Surah Al-Hujurat : Verse No 9]**

## Back Ground of Tahreek Tanaziat Muqadmat Khatima:

The conventional court system of Pakistan, today, finds itself embroiled in a myriad of structural and administrative issues.

The civil courts too are excessively over-burdened and under-resourced. Therefore, whenever petty issues involving non-cognizable offences get forwarded to civil courts from the Police, the involved parties find themselves following a long and expensive process of justice. The delay in dispensation of justice, if at all dispensed, causes a feeling of frustration, humiliation and despondency.

Moreover, since such issues (mostly of civil nature) do not get timely resolved, they usually end up in a criminal activity with the aggrieved party taking the law in its own hands. A petty wage issue turns into a criminal act when the aggrieved person attacks the owner. Similarly, a simple divorce or custody issue often ends up resulting in a spate of murders.

Pakistan is an Islamic republic state. Many kinds of Followers are residing over here. As Per constitution every citizen have an equal rights over here. As per practice Minority and Majority both are suffering for lacking of basic needs of Life. The lack of basic needs have many reasons but one of the main is the out dated system in place in this country. The citizens and Departments of this country are feel sorry for each other which is creating more and more disputes. The system for resolving these disputes need improvement. The current system wasting time, resources and human as well. The lengthy process lasted for generation to generation and creating more and more disputes. The People coming for justice to courts fall in unending difficulties and problems. They forgot the cruelty upon them for which they are seeking justice in the courts. In the end they pray for finishing the cases. Millions of cases suffering billion of peoples are still pending to be decided.

The current system is promoting poverty, illiteracy and disputes, which is creating hurdles for promoting a peaceful, developed and prosperous society. The responsibility cannot be shifted to the staff and employees of this sector because in this most of the staff is devoted and intelligent. These all are our children and elders and also production of our society. As a Pakistan we all are responsible for not changing ir improving the system of justice in placed.

Keeping in view the above situation a need was felt for a movement to settle down all the issues and disputes outside from respectable courts. Definitely the people victims of this system need a safe exit from disputes and cases but they have never provided a neutral and sincere platform for the issues resolution without biasness. So a movement has been initiated for this purpose. In this movement every person should devote on hour after JUMMA Prayer for voluntarily for ALLAH. They will solve the disputes within their family, Mohallah, Street and city whichever is feasible of them.

Umrah Ticket:

SDF announced that those from the member who resoled more disputes amicably form TTMK will get Umrah ticket.

In this connection three months were announced for contest amongst members and were told to shared the data weekly and monthly.

The data was presented in the monthly meeting by each of the TTMK members.

At the end of the contest period, the winner was announced in a quarterly meeting seminar, the winner Mr. Hafeezul Wahab is a doctor professionally and involved enthusiastically in social work.

He took an active part in the resolution of 17 disputes of different contexts. His efforts were appreciated by the participants and pray for

**Vision:**

To Established a Developed, peaceful and prosperous society through mitigation of dispute and court cases.

**Mission:**

Eliminating cases, disputes through mediation instead of wasting of resources in Courts and efforts for establishment of a peaceful, progressive and prosperous Society by involvement of community notables.

**Objective:**

**Awareness:** To establish a peaceful and prosperous society through awareness about Cases & Disputes Alleviation and resolved amicably through an alternate process of restorative justice.

**Provision of Resources and Opportunities:**

The affecters of disputes/cases will be facilitated to listen and understand each other point of view.

# Fight Against chronic diseases

## ❧ A Prevention of Dengue virus ❧

Prevention of Dengue fever through cleanliness and awareness campaigns

## **Activity objective:**

To aware people against prevention of dengue, by sensitizing community to keep clean their surrounding area from garbage and stagnant water.

## **Area visited:**

Field visit to Aslam Kaley and Bagh koorona near flourmills , UC Patbaba, Kot Jungara, Jalala, Parkho and Daman –e-Koh Tehsil Takht bhai.

## **Introduction:**

SDF Aim is to see the world free of poverty and developed, prosperous Society. The credit goes to SDF for fighting against any emergency and critical situation.

In this regards, when an outbreak of Dengue virus in KP was observed SDF along with line department were there to work hand to hand for the betterment of the society.

SDF provide not only the technical support in de-watering, Filling and insecticide spray but also provide human resources for awareness and identification of targeted areas, and vehicles as well with fuel and driver.

The Community were aware regarding preventions methods and symptoms of Dengue fever through speakers and brochures developed and printed by SDF for awareness.

A voice message was ensured, developed and on air by SDF through different social groups and radio messages, which mitigate the fear of Dengue and aware the people how to adopt the prevention methods.

Different visits were arranged and conducted to different villages and involve the dwellers of the locality to be a part of this noble cause,

Most of the community take their keen interest in fighting in favor of cleanliness and to ensure the development of health improvement

## **Some activities Description:**

From municipal committee takht bhai SDF team and TMA staff visited aslam kally, Talab koorona near flour mills and shariefabad near canal Takht bhai.SDF fully support TMA and d-watering squad with flexes, vehicle, loud speaker and personnel. SDF also provide courtesy to aware and mobilize community against prevention of dengue and disseminate the broacher amongst community.

The above mentioned visited area was full of stagnant water and garbage. The targeted area visited by SDF team was observed full of pollution which was prone to provide best environment for the reproduction of Dengue and much more diseases .Both the teams performed very well and successfully accomplished the task.

**Fight Against social evils**

# MAF Joint Action Forum

Mushtarka Action Forum

**MAF pledge and undertaking ceremony**

## **Vision MAF:**

To established a developed, peaceful and prosperous and free of all social evils society.

## **Mission:**

A social evils free society through awareness and sensitization of the community /stakeholders.

## **Objectives:**

1. Prevention of narcotics
2. Prevention of all type of Interest (Riba)
3. Prevention of firing
4. Prevention of child driving
5. Awareness regarding self helps initiative for the preventions of all evils and wrong customs, practices.
6. Coordination and liaison with line department for the achievement of MAF goal and objectives
7. To find out local issues and strive for the solution voluntarily

## **Achievements of MAF:**

With lots of achievements by MAF, some of them are as under.

### **1. Resolution of 103 minor disputes:**

MAF by the support of SDF management, work enthusiastically on 103 registered cases , which was resolved amicably with the involvement of different stakeholders.

These disputes, comprised of minor Squabbles between two parties, money and other exchangeable disputes, Family matters, Land capturing disputes, road accidents etc.

### **2. Prevention of narcotics:**

MAF destroy the places where the narcotics users , dealers and purchasers were supposed to use, for this purpose MAF with support of Police department demolished area, and the narcotics users were shifted to hospital , by the donation of MAF members, they were also provided the courtesy for getting vocational skills and to established their sustainable enterprises.

### **3. Prevention of all types of interests:**

MAF, aware the community regarding the consequences of interests through seminars, wall chalking and walks, where different sect of life participated.

### **4. Prevention of child driving and over speeding over motorcycles:**

MAF, Started a campaign of awareness regarding over speeding and child driving, for this purpose wall chalking, messages through hording boards, and banners, and through Loud speakers in Tehsil Takht bhai.

Besides Through Police department the MAF ensured to impose penalty on the child driving and over speeding, this intervention mitigate the accidents and the above mentioned worse activities by the children and adults.

### **5. Self help initiative:**

MAF through coordination with different department and self help initiative established children and adults parks in different places and addressed different issue and shared with Line department and concerned one for resolution.
